NON-HAZARDOUS ALTERNATE FUEL PROFILE

The purpose of this form is to facilitate the screening of material for possible use as alternate fuel in cement manufacturing.

SALES REPRESENTATIVE _____ Phone () _____

SYSTECH FACILITY LOCATION _____

GENERATOR _____ Technical Contact _____
Phone () _____ FAX () _____
Address _____
City _____ State _____ Zip _____

MARKETER (if different than Generator)
Company Name _____ Business Contact _____
Phone () _____ FAX () _____
Address _____
City _____ State _____ Zip _____

1. Product name _____
 2. Manufacturing process _____
 3. Quantity of byproduct available per month _____ gal. _____ lb. _____ yd³ _____ ton
 4. Is the byproduct a: liquid solid sludge b: organic inorganic
 5. If this byproduct is a liquid or sludge what is the moisture content? _____%
 6. Method of shipment: _____
 7. Delivery schedule: _____
 8. This is: ongoing business one time only (event)
 9. Does this material contain PCBs? no yes If "yes", at what level? _____ ppm
 10. Is a Material Safety Data Sheet (MSDS) available for the waste? Y___ N___ (A generator is not required to have an MSDS sheet for waste products). If no, is an MSDS available for either the finished product or product constituents?
 11. Are there any special handling precautions that should be used to handle the material (e.g. PPE, storage, incompatibility issues, etc.): _____
 12. Would you anticipate any potential issues with processing this material such as dust, odors, etc.? _____
 13. Define composition by listing the principal chemical compounds and/or material types. (Must total to 100%.)
- | <u>Material</u> | <u>%</u> | <u>Material</u> | <u>%</u> |
|-----------------|----------|-----------------|----------|
| _____ | _____ | _____ | _____ |
| _____ | _____ | _____ | _____ |
| _____ | _____ | _____ | _____ |

Please send this completed profile with a one (1) quart representative sample, photos, any analyses or other information to:
Systech Environmental Corporation
Attn: Laboratory Manager
11397 County Road 176
Paulding, OH 45879
phone: 800-226-3089 fax: 419-399-4876

To the best of my knowledge, I warrant that the byproduct delivered to Systech will be in conformity with the description herein, that all information represented by generator in this profile is accurate and complete, and that the byproducts are nonhazardous as defined in 40 CFR 261 and/or applicable state and local regulations

Generator Signature _____ Title _____ Date _____
